

KONARK

INTERIOR SOLUTIONS

Mdf-Wall Design is a unique 3D wall panel. Each panel comes with its own design and size which gives a unique impression to every wall.

Mdf-Wall Design panels contribute to better acoustic performances in the area.

The panels are produced from Bamboo and are 100% eco friendly and very easy to install.

After installation the panels can be finished with any type of paint in any colour and once the panels are finished in any colour they can be easily revamped to any other colour. Discover the unique designs and interior effect which you will achieve in hotels, restaurants, receptions as well as in private homes. The collection contains panels of 8 feet X 4 feet.

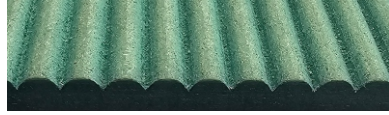

Benefits of Mdf-Wall Design

- Eco friendly Bamboo material
- 100% biodegradable
- Fire grade B1

Fluted panel

Size (millimeters)*

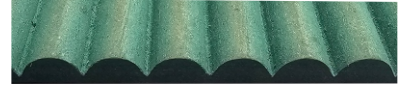

Flut Size: 12mm

Thickness (millimeters)*

12mm , 18mm , 25mm

Note :-

Our range of products is available in several sizes and thicknesses.

K - 102

Fluted panel

Size (millimeters)*

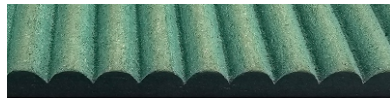

Flut Size: 22mm

Thickness (millimeters)*

12mm , 18mm , 25mm

Note :-

Our range of products is available in several sizes and thicknesses.

K - 103

Fluted panel

Size (millimeters)*

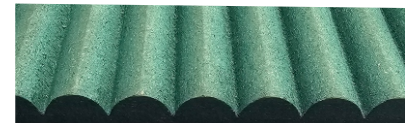

Flut Size: 15mm

Thickness (millimeters)*

12mm , 18mm , 25mm

Note :-

Our range of products is available in several sizes and thicknesses.

K - 104

Fluted panel

Size (millimeters)*

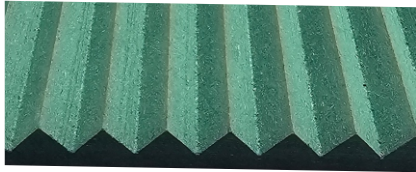

Flut Size: 18mm

Thickness (millimeters)*

12mm , 18mm , 25mm

Note :-

Our range of products is available in several sizes and thicknesses.

K - 105

V panel

Size (millimeters)*

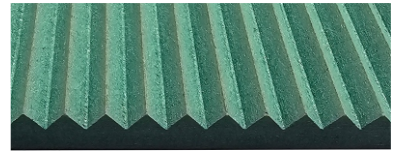

V shape Size: 15mm (degree :- 90)

Thickness (millimeters)*

12mm , 18mm , 25mm

Note :-

Our range of products is available in several sizes and thicknesses.

K - 106

V panel

Size (millimeters)*

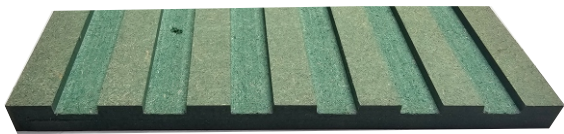

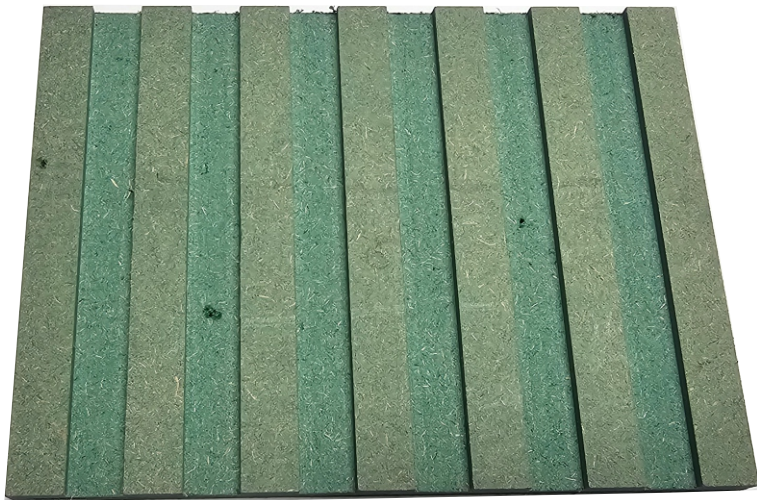

V shape Size: 10mm (degree :- 90)

Thickness (millimeters)*

12mm , 18mm , 25mm

Note :-

Our range of products is available in several sizes and thicknesses.

K - 107

Gru panel

Size (millimeters)*

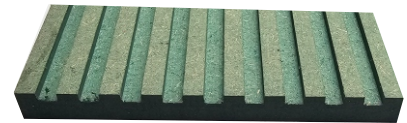

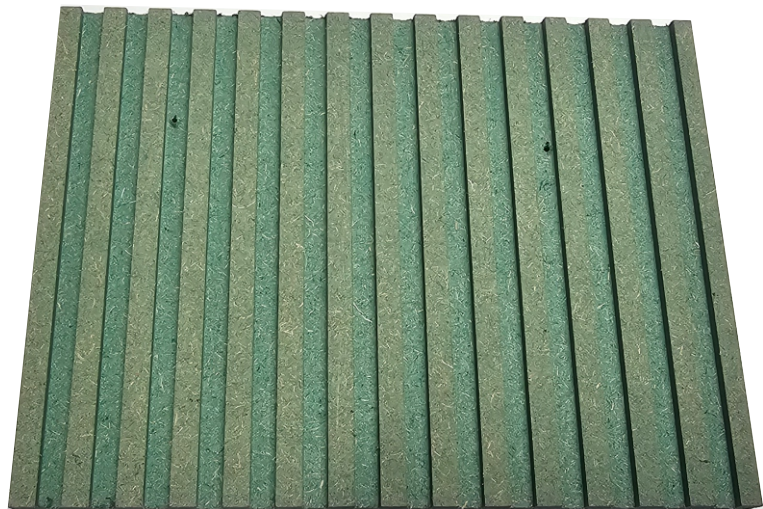

Gru Size: 15mm (deep as per your requirement)

Thickness (millimeters)*

12mm , 18mm , 25mm

Note :-

Our range of products is available in several sizes and thicknesses.

K - 108

Gru panel

Size (millimeters)*

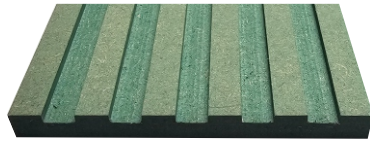

Gru Size: 7mm (deep as per your requirement)

Thickness (millimeters)*

12mm , 18mm , 25mm

Note :-

Our range of products is available in several sizes and thicknesses.

K - 109

Gru panel

Size (millimeters)*

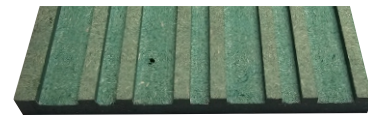

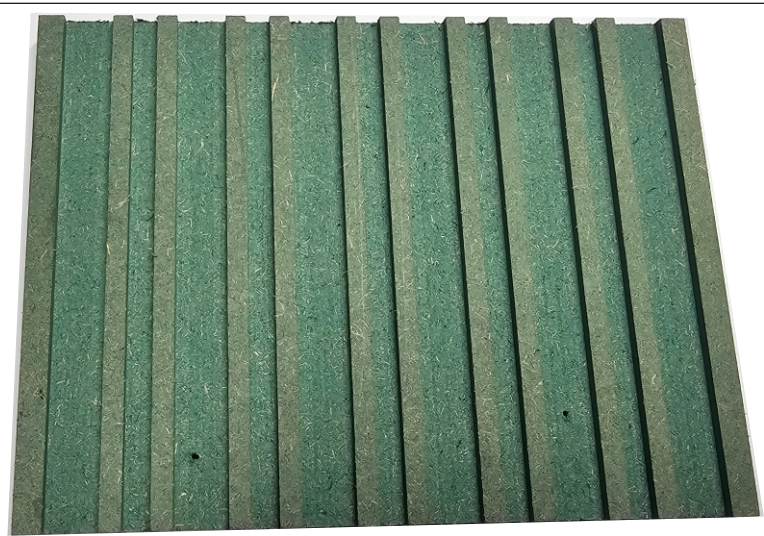

Gru Size: 12mm (deep as per your requirement)

Thickness (millimeters)*

12mm , 18mm , 25mm

Note :-

Our range of products is available in several sizes and thicknesses.

K - 110

Gru panel

Size (millimeters)*

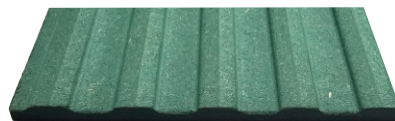

Gru Size: 7mm + 15mm (deep as per your requirement)

Thickness (millimeters)*

12mm , 18mm , 25mm

Note :-

Our range of products is available in several sizes and thicknesses.

K - 111

Gru panel

Size (millimeters)*

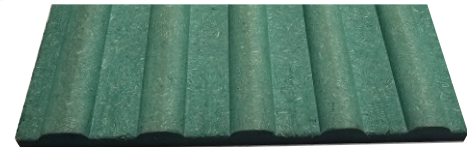

Gru Size: 15mm with 2mm radius (deep as per your requirement)

Thickness (millimeters)*

12mm , 18mm , 25mm

Note :-

Our range of products is available in several sizes and thicknesses.

K - 112

Gru panel

Size (millimeters)*

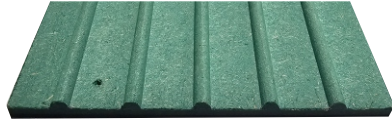

Gru Size: 15mm with 4mm radius (deep as per your requirement)

Thickness (millimeters)*

12mm , 18mm , 25mm

Note :-

Our range of products is available in several sizes and thicknesses.
